

SONY KUMARI CHAUDHARY

COMPUTER ENGINEERING STUDENT

Phone:

+977 98xxxxxxx

Email:

chaudharysony336@gmail.com

Address:

Sarlahi, Nepal

PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented Computer Engineering student passionate about web development, AI, and creating impactful tech solutions. Strong foundation in full-stack development using Python, Django, Node.js, and JavaScript. A quick learner and team player with hands-on project experience and training.

EDUCATION

Bachelor in Computer Engineering

Tribhuvan University, IOE, Purwanchal Campus, Nepal (2022 – Present)

High School – Computer Science

Kathmandu Model Secondary School, Kathmandu (2019 – 2021)

SKILLS

Technical: Python, Django, HTML, CSS, JavaScript, Node.js, C/C++, DSA

Tools: React, REST APIs, Git, MySQL, OpenCV, GitHub

EXPERIENCE & TRAININGS

HTML & CSS Training — ACES, Nepal (2022)

- Learned website development using HTML & CSS.
- Designed web pages applying modern principles.

Python & Django Training — EXCESS Nepal (July 2023)

- Built web apps using Django and Python.
- Designed engaging user interfaces with the team.

React js Training -Digital Pathsala

:Learned core concepts like components, props, state, and hooks. Built responsive single-page applications.

Node.js Training — CodeIT, Dharan (2024)

- Developed backend using Node.js and React front-end.
- Integrated REST APIs for seamless data flow.

PROJECTS

Smart Attendance System (Team Project)

- Built face-recognition attendance system using OpenCV & Django.

Portfolio

- Built a responsive personal portfolio showcasing my skills, projects, and contact info (HTML, CSS, JavaScript).

Student Management System

- Developed student data and attendance manager using PHP/MySQL.

Real-Time Trend Content Generator (ongoing project)

- Used AI to auto-generate text & image content based on trending topics.
